

Climate Outlook 2023

September to November

Issued: 1 September 2023

Recent Observations

July 2023

- Above average rainfall received over the Niuaus, Vava'u and Ha'apai. (see table below)
- Niuafo'ou recorded the highest July rainfall.
- The mean air temperature was 22.2°C which was 1.3°C cooler than average.
- Lowest minimum temperature was 9.3°C recorded on the 30th at Houma.

Rainfall totals from last 6 months, February – July 2023 (mm)						
	February	March	April	May	June	July
Niuafo'ou	156.0	328.0	259.6	362.0	153.8	232.2
Niuaatoputapu	219.5	369.5	102.5	644.4	167.5	106.0
Vava'u	299.3	295.7	101.0	357.6	103	130.0
Ha'apai	419.5	221.6	110.6	338.8	113.5	99.5
Fua'amotu	498.1	295.5	296.7	75.5	86.8	60.9
Nuku'alofa	421.0	304.0	198.5	119.5	89.5	56.5
'Eua	695.4	380.5	281.5	142.8	66.2	49.6

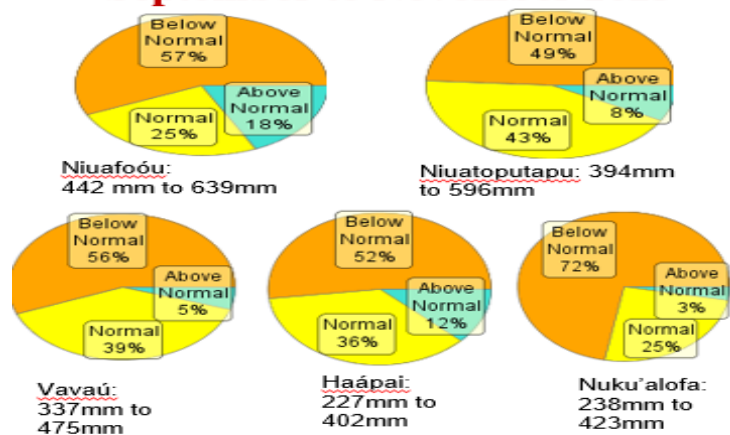

ENSO Outlook

El Niño Alert continues, with El Niño development likely during September to December period. When El Niño Alert criteria have been met in the past, an El Niño event has developed around 70% of the time.

Sea surface temperatures (SSTs) in the tropical Pacific are exceeding El Niño thresholds, with climate models indicating this is likely to continue at least through to early 2024.

Rainfall Outlook September to November 2023

Rainfall Outlook: September–November 2023

	Rainfall Outlook	Probability % Below normal mm	Probability % Normal mm	Probability % Above normal mm
Niuafo'ou	Below normal	57% (< 442)	25% (442 - 639)	18% (>639)
Niuaatoputapu	Below normal	49% (<394)	43% (394 - 596)	8% (> 596)
Vava'u	Below normal	56% (<337)	39% (335 - 475)	5% (>475)
Ha'apai	Below normal	52% (<227)	36% (227 - 402)	12% (>402)
'Eua	Below normal	52% (<246)	39% (246 - 411)	9% (>411)
Tongatapu	Below normal	72% (<238)	25% (238– 423)	3% (>423)
		Below average	Average (usual)	Above average

The next Climate update will be issued second week of September 2023 or earlier

Disclaimer:

This summary is prepared as soon as possible following the end of the month, once climate data is received from recording stations around Tonga. Delays in data collection, communication and processing occasionally arise.
